

PRESS RELEASE

AGILE CASTING SOLUTIONS, A DIVISION OF HUMTOWN PRODUCTS, MOVES TO A NEW EXPANDED FACILITY AND ADDS A SECOND 3D SAND PRINTER

December 1, 2018 – Columbiana, OH – Humtown Products 44708 Columbiana-Waterford Rd. in Columbiana has moved its 3D printing operations to a new expanded facility in Leetonia. Agile Casting Solutions, a division of Humtown Products, is dedicated solely for 3D printing sand molds and cores, from prototyping to production. Having room for ten printers, the new facility currently houses Youngstown State University’s S-Max 3D printer along with a second S-Max printer in order to accommodate the growing demand for 3D printed sand molds and cores.

As a manufacturing company for over 50 years, Humtown Products is a family-owned, ISO 9001 certified business specializing in the production of sand cores, molds and patterns for the foundry industry. Humtown is a member of America Makes, the nation’s leading collaborative partner in additive manufacturing and 3D printing technology research, discovery, creation and innovation.
